

-This has successful and unsuccessful test cases.

Test case 3.1

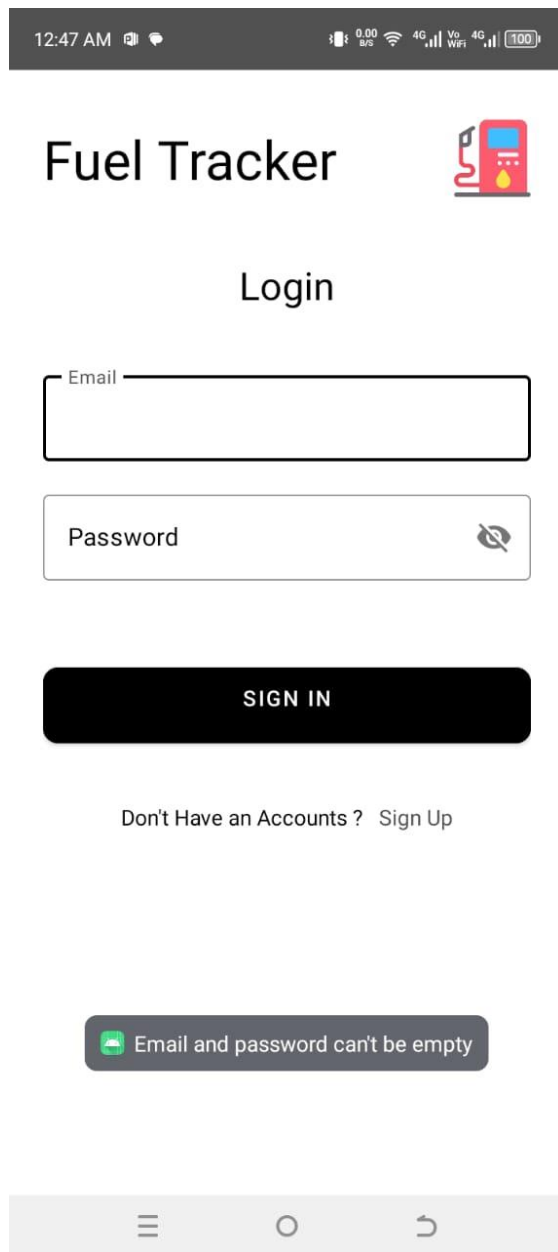

-Non-existing User can't log in

The screenshot shows a mobile app interface for 'Fuel Tracker'. At the top, there's a status bar with the time 2:11 AM, signal strength, and battery level. Below the status bar, the app title 'Fuel Tracker' is displayed next to a red fuel pump icon. The word 'Login' is centered below the title. There are two input fields: 'Email' with the text 'k225195@nu.edu.pk' and 'Password' with three dots indicating a hidden password. A black 'SIGN IN' button is positioned below the password field. Below the button, there's a link that says 'Don't Have an Accounts ? Sign Up'. At the bottom, a dark grey banner displays a green error message: 'Email or password is incorrect'.

Test Case 3.2

-Incomplete data so won't log in

The screenshot shows a mobile app interface for 'Fuel Tracker'. At the top is a status bar with the time 12:47 AM, signal strength, 4G LTE, and a 100% battery icon. Below the status bar, the app title 'Fuel Tracker' is displayed next to a red fuel pump icon. The word 'Login' is centered below the title. There are two input fields: 'Email' and 'Password'. The 'Email' field is empty. The 'Password' field is also empty and has a toggle icon (an eye with a slash) to its right. Below the input fields is a black button with the text 'SIGN IN' in white. Underneath the button, the text 'Don't Have an Accounts ? Sign Up' is displayed. At the bottom of the screen, there is a dark grey banner with a green speech bubble icon and the text 'Email and password can't be empty'. The bottom of the screen shows a light grey navigation bar with three icons: a hamburger menu, a circle, and a refresh arrow.
